

Texas Industries of the Future

JULY 2016 NEWSLETTER

CALL FOR PRESENTATIONS FOR ENERGY EFFICIENCY SESSION AT THE AIChE SOUTHWEST PROCESS TECHNOLOGY CONFERENCE OCT. 6, 2016. Do you have an energy efficiency project success story, case study or new technology that has made a difference in energy productivity? Submit your one paragraph abstract by July 15 to Kferland@mail.utexas.edu

LEARN HOW TO ACHIEVE COMPRESSED AIR SYSTEM COST SAVINGS OF 15-25% This Compressed Air Challenge workshop trains you to evaluate industrial compressed air systems and apply proven techniques to reduce operating costs and improve productivity, product quality, system reliability and competitiveness. The Fundamentals of Compressed Air Systems Workshop is an introductory course designed to teach facility engineers, operators and maintenance staff how **to achieve cost savings of 15-25%** through more effective production and use of compressed air. See workshop details below for Aug 9 (DFW) and Aug 23 (Houston).

SOUTHWEST COMBINED HEAT AND POWER (CHP) TECHNICAL ASSISTANCE PARTNERSHIP ([SW CHP TAP](#)) provides no cost qualification screenings and project development assistance for industrial sites, including manufacturing, chemical companies, plastic companies and refiners. These screenings are great for planning purposes and financial decision making for your facility. CHP at industrial and manufacturing sites makes great economic and environmental sense, by reducing costs and improving a site's resilience and power reliability. Please contact Gavin Dillingham, [Gavin Dillingham](#) Director, to learn more about this screening

MARK YOUR CALENDARS! TEXAS INDUSTRIES OF THE FUTURE UPCOMING EVENTS IN 2016. Go to <http://TexasIOF.ceer.utexas.edu/> for program information.

- *Fundamentals of Compressed Air*, Aug. 9, 2016. Dallas, Tx. Registration opens July 1, 2016. In conjunction with TMAC Metroplex.
- *Fundamentals of Compressed Air*, Aug.23, 2016. Houston, Tx. Registration open end of June. In conjunction with the Houston Business Roundtable.
- *Best Practices in Steam Systems*, Aug. 24, 2016. Houston, Tx. Registration opens end of June. In conjunction with the Houston Business Roundtable.
- *Texas Industrial Energy Management Forum*, Oct. 6, 2016. In conjunction with the AIChE Southwest Process Technology Conference, Galveston, Tx.

Professional development hours are available for participation in all programs.
