JOIN US FOR THE TEXAS INDUSTRIAL ENERGY MANAGEMENT FORUM APRIL 7 4 TO 6 PM AT BRADY’S LANDING. In this era of cheap natural gas, it is hard to get management’s attention on energy projects. Yet we know that the things we do today will lay the groundwork for tomorrow’s successful programs. This Forum will focus on the future of energy management, from the perspective of developing the next generation of energy managers, the culture that supports effective programs, designing efficient technologies into your next project, and benchmarking your progress. How is your company stacking up?

To register, go to: [http://texasiof.ceer.utexas.edu/tiof/AprilForum2016.asp](http://texasiof.ceer.utexas.edu/tiof/AprilForum2016.asp) There is no charge for attending the Forum. However, advance registration is requested so that we have adequate facilities.

PRESENTATIONS FROM THE INDUSTRIAL WATER FORUM AVAILABLE FOR DOWNLOAD at [http://texasiof.ceer.utexas.edu/docs_pres/forums.htm](http://texasiof.ceer.utexas.edu/docs_pres/forums.htm) Speakers from Nalco Champion, Phelps Engineering, The University of Texas, Ascend Performance Materials and CH2M explored the interaction between water and energy use in the process industries from a number of perspectives. Speakers addressed trends in water management in the process industries, drivers for adoption of new technology and strategy, and operating practices to improve water and energy efficiency.

HARC PROVIDES TECHNICAL ASSISTANCE AND OUTREACH ON CHP. HARC, a research institute in The Woodlands is now operating the DOE’s [Southwest CHP Technical Assistance Partnership](http://texasiof.ceer.utexas.edu/docs_pres/forums.htm). As the SW CHP TAP, HARC will be focusing on working with potential CHP end-users to help with identifying and implementing CHP opportunities. In this role, HARC will be providing early stage qualification screenings, feasibility studies, third party project development support, as well as outreach and education. The HARC team is ready to work with you as you consider CHP. Contact Gavin Dillingham, Director, at gdillingham@harcresearch.org or 281-216-7147 for further information.

MARK YOUR CALENDARS! TEXAS INDUSTRIES OF THE FUTURE UPCOMING EVENTS IN 2015

Professional development hours are available for participation in all programs.

If you would like to receive this newsletter in your inbox once a quarter, go to http://texasiof.ceer.utexas.edu/tiof/tiofcontact.asp to subscribe. Your information is never sold.
